COUNCIL ACTION: (Tape location: A105-323; A357-B140.)

MOTION BY McCARTY TO CONTINUE ONE WEEK. Second by McColl.

Passed by the following vote: Wolfsheimer-yea, Roberts-yea, McColl-yea, Pratt-yea, Struiksma-not present, Henderson-yea, McCarty-yea, Filner-not present, Mayor O'Connor-yea.

ITEM-331: (R-89-2048) ADOPTED AS RESOLUTION R-273542

Considering the protests and determining that is in the public interest to acquire 6.19 acres of Radio Canyon Extension for the San Diego Open Space Park Facilities District No. 1, under Resolution of Intention R-273339, adopted May 1, 1989; authorizing the expenditure of not to exceed \$200,000 as payment for said property and related costs from Open Space Park District Bond Fund 79103 or Open Space Park District Bond Fund 79104; authorizing the City Manager to accept the deed to said property without further Council action.

(Southeast San Diego Community Area. District-4.)

CITY MANAGER SUPPORTING INFORMATION: On November 21, 1983, the Council approved a revised open space retention list and gave direction on future open space appraisals for purposes of

acquisition. Included in that direction was that \$5 million be allocated in each of Council Districts 3 and 4 to acquire open space and to "look to the Councilmember of the District" in identification of parcels to be acquired. City staff has since been working with District staff to meet the requirements of the Council directive. In the case of District 4, approved expenditures have reduced the allocation to approximately \$500,000.

As part of our ongoing efforts to acquire quality open space, the availability of these parcels was reported to District 4. Council Member Pratt reviewed these parcels and recommended they be added to the District 4 acquisition plan. Although these parcels are in District 3, a half-block from the District 4 boundary, they connect to the Chollas Radio System within District 4, which is Priority No. 5, in Category A of the Council-approved open space retention list. Acquisitions in this system now total 157 acres. The specific acquisition plan and funds to appraise this land for purposes of acquisition for open space were approved by the City Council on December 12, 1988. This request is for \$200,000 to purchase these parcels at fair market value plus funds to cover title escrow, and other miscellaneous costs.

MOTION BY PRATT TO ADOPT. Second by Roberts. Passed by the following vote: Wolfsheimer-yea, Roberts-yea, McColl-yea, Pratt-yea, Struiksma-not present, Henderson-yea, McCarty-yea, Filner-not present, Mayor O'Connor-yea.

ITEM-333:

Matter of the proposed classification of Single-family Neighborhoods.

Areas have been proposed in the Carmel Mountain Ranch, Miramar Ranch North, Navajo, North City West, Ocean Beach, Old San Diego, Otay Mesa, Rancho Bernardo, Rancho Penasquitos, Sabre Springs, Scripps Ranch, Serra Mesa, Sorrento Hills, Torrey Pines, University City and Via de la Valle communities to be classified as protected single-family neighborhoods. In areas where a protected single-family classification, adopted by City Council, conflicts with existing zoning and/or an existing community plan designation, rezonings and/or community plan amendments will be scheduled for public hearings at a

future date.

Upon adoption of the protected single-family neighborhood maps by City Council, those areas of the communities listed above that are not mapped as protected single-family neighborhoods shall be released from the provisions of the Single-Family Protection Ordinance (O-17250), adopted on February 21, 1989. Subsequently, property owners in these areas will be able to apply for permits to construct multi-family residential developments.

In the Barrio Logan, Centre City, East Elliott, Fairbanks Country Club, Kearny Mesa, Midway, Mission Beach, Mission Valley, San Pasqual, and Tia Juana River Valley communities, no areas have been proposed to be mapped as protected single-family neighborhoods and release of these communities from the Single-Family Protection Ordinance provisions will be recommended by the Planning Department. However, some areas in these communities could be recommended for protected single-family classification during the hearing process.

Consideration of classifying single-family protected neighborhoods in other communities within San Diego will be scheduled for public hearings in the future.

Maps of the areas are available in the City Planning Department.

ITEM-335: CONTINUED TO JUNE 13, 1989,

(Continued from the meeting of May 9, 1989, Item 330, at
Council Member Roberts' request, for a report from the City
Architect.)

The following project (Crosstown/B Club Suites) is
subject to City Council review according to the provisions
of the Centre City Emergency Ordinance and Overlay Zones.

The project is a proposed 15 story apartment tower

containing 153 units with five levels of parking (one below grade) and 5,285 square feet of retail located on the west side of Eleventh Avenue between B and C Streets. The project requires a variance from the permitted FAR (Floor Area Ratio) of 10.0 to 10.37. The subject property is more particularly described as Lots J, K and L, Block 23, Horton's Addition, in the Centre City Overlay Zone. (Case-89-0156. District-8.)

Subitem-A: (R-89-1943)

Adoption of a Resolution certifying that the information contained in Environmental Negative Declaration END-89-0156 has been completed in compliance with the California Environmental Quality Act of 1970 and State guidelines, and that said declaration has been reviewed and considered by the Council.

Subitem-B: (R-89-1942)

Adoption of a Resolution approving the project.

PLANNING DEPARTMENT SUPPORTING INFORMATION:

The proposed project is a 15 story apartment tower, containing 153 units (88 studios and 64 one bedroom) with five levels of parking, one below grade and 5,285 square feet of commercial at street level. The project is in the core area of Centre City, and according to the Emergency Ordinance has an FAR of 10.0 and height governed by the Airport Approach Overlay Zone. The project has an FAR of 10.37 and is 158 feet in height.

The project has been reviewed according to the Centre City Overlay Zone.

Vehicular Access - Maximum linear feet of curb cut is indicated at 42 feet where 30 is permitted. A maximum curb cut for one-way traffic is 12 feet.

Parking - Parking facilities with three or more levels of above-grade parking shall be contained within the structure and architecturally enclosed. The openings for garage ventilation are recessed and covered with grill work.

Street Level Development - Both the B and Eleventh Street frontages surpass the 40 percent requirement for ground floor activity. Fifty-nine percent of B street is devoted to commercial use and see-thru glass windows while close to seventy-five percent of Eleventh Street is in commercial space use or lobby area for the residential tower.

FAR - The amount of FAR .37 that exceeds the permitted 10.0 is approximately 5,500 square feet. In terms of the desired overall goal of developing residential in Centre City, this

square footage appears to be very minimal. The proposed improvement will fulfill an individual and or community need and will not adversely affect the conditions that have been applied, will not be detrimental to the health, safety and general welfare of persons residing or working in the area; and will meet the purpose and intent of this ordinance.

Signage - A comprehensive sign plan will be required.

Rooftops - All mechanical equipment shall be screened.

Public Right-of-Way - The project cost will exceed \$250,000, therefore, certain ROW improvements are required including decorative lights, street trees and upgraded sidewalks.

The Planning Department recommends approval subject to installment of public right-of-way improvements, submittal of sign plan and review by the City Engineer.

ITEM-S500: (R-89-2346 Rev.) ADOPTED AS AMENDED AS RESOLUTION R-273553

19890523

Directing the Intergovernmental Relations Department to express to the appropriate State legislators and to the Governor the City's opposition to SB 705 (Stirling) and AB 1035 (Bentley) relating to a State mandate to close local jail facilities.

(See Intergovernmental Relations Department Report IRD-89-24.)

COMMITTEE ACTION: Reviewed by RULES on 5/17/89.

Recommendation to approve the Intergovernmental Relations Department's recommendation to oppose both SB 705 (Stirling) and AB 1035 (Bentley). Districts 2, 3, 4 and 7 voted yea. District 6 and Mayor not present.

INTERGOVERNMENTAL RELATIONS DEPARTMENT REPORT: At the regularly scheduled meeting of May 17, 1989, the Rules Committee reviewed Intergovernmental Relations Department Report IRD-89-24. Testimony was heard from the Chair of the Board of Supervisors asking that the Committee oppose the

legislation and outlining the County's efforts to reach a solution to the jail facilities crisis; and a representative from the City of Santee asking for support of the measures. After Committee discussion which recognized the concerns of Santee, the issues of local control, shortage of jail space, and regional responsibility were cited as overriding reasons for opposition. Stating that this issue should be resolved at the local level without the State interfering, the staff recommendation was amended. By a vote of 4-0 (Mayor O'Connor and Council Member Henderson-not present), the Committee approved a position to oppose SB 705 and AB 1035.
